

Job Title:	Senior Consultant
Location:	Hybrid – based at our Wakefield Office with ability to work from home on a regular basis
Term:	Permanent
Salary:	£33,000 - £42,000 p/a, depending on experience
Working Hours:	Full Time (37.5 hours) with flexible working – part time considered

TPS is not your average transport planning consultancy; we combine technical excellence and a drive for success with a nurturing working environment, encouraging every member of our team to realise their full potential.

With an extensive client and project portfolio and ambitious plans for growth, we have an exciting opportunity for the right candidate to join our Development Planning team.

The Role

As an experienced Development Planner, you will be able to demonstrate your knowledge and understanding of current and emerging land use and transport policies and have the ability to prepare high-quality technical documents, which might include:

- Transport Assessments and Statements;
- Development-related Travel Plans, ideally with an understanding of planning conditions / S106 requirements;
- Access Feasibility Assessments;
- Construction Traffic Management Plans.

There will also be an opportunity for you to work as part of our specialist Travel Plan implementation team, should this be an area of transport planning which interests you. Whilst this is not essential, we would be keen to hear if this diversification of the role would be of interest.

You will be someone who takes pride in all that you do, works hard as part of a team and is keen to push themselves to progress in their career. The ideal candidate will have:

- A demonstrable track record of preparing high-quality transport planning reports for a range of development types.
- Experience of supporting more junior colleagues to develop in their career, passing on knowledge and skills, and ensuring the quality of their work.
- Excellent written and numeracy skills.
- Good communication skills, and a confidence to engage with other team members, clients and key stakeholders (including local highway / planning authorities).
- An ability to manage competing deadlines and work as part of a team to turn projects around in a timely manner.
- Demonstrable financial awareness, including experience of preparing fee proposals and an understanding of budget management.
- A desire to work in an SME consultancy environment, with the opportunity to be involved in the shape of the business in the future.

Why Work With Us?

We provide an attractive employment package and support a healthy work-life balance. We offer an excellent range of employee benefits, including:

- 28 days annual leave (including 3 days between Christmas and New Year), with the opportunity to earn up to 5 additional days for long-service.
- Formal Time Off in Lieu policy.
- Flexible working, with no core hours.
- Hybrid working.
- Cash-back health plan.
- Structured training and development programme.
- Paid volunteer day.
- Pension contribution.

- Annual bonus scheme.
- Funded social events.
- Cycle to Work scheme.
- Childcare voucher scheme.
- Electric Vehicle salary sacrifice scheme.

Find Out More and Apply

Please send your CV, along with a covering letter, which clearly sets out why you see yourself as being suitable for the role.

Alternatively, if you would like an informal chat about the role, please get in touch.
